
INSURANCE SCORE

An insurance score will be ordered on new business.

The insurance score will automatically be ordered on existing business written on or before 03/05/2021.

Subsequent renewals will not be automatically rescored.

The insured can request the insurance score to be reordered every 12 months, within 30 days of the renewal effective date.

Insurance score factors will apply when a valid insurance score is returned.

An Alternative Risk score factor will apply when a 'no hit' or 'no score' is returned.
