

**Atlantic Specialty Insurance Company  
Shepherd Casualty Program  
Commercial General Liability**

**Filing Memo – Forms**

Atlantic Specialty Insurance Company (“the Company”) is pleased to introduce its new Shepherd Casualty Program (the “Program”). This new Program focuses on providing Commercial General Liability coverage for construction, energy, and other risks associated with the ownership or operation of physical facilities.

A filing on a different underwriting paper for this same Program has been previously approved in the state of Idaho (SERFF Tracking #: PERR-133900282).

The Program will use Insurance Services Office (“ISO”) forms in conjunction with independent forms. All independent policy forms are being submitted as part of this filing package for your review and approval. The Company is adopting all currently approved ISO Forms. The Company will auto-adopt ISO forms to the extent permitted.
