Filing Description:

In accordance with California's filing provision, American States Insurance Company of Texas (ASICT) is submitting a new program filing for the homeowner line of business. All new business will be written into ASICT, which is domiciled in Texas and was licensed by a California Certificate of Authority dated September 1, 1999. We are requesting a new business effective date of February 20, 2027.

This filing includes the introduction of our by-peril product along with distance to wildfire risk pricing. Aligned with the goals of the Sustainable Insurance Strategy, the proposed pricing is designed to further increase insurance availability for CA consumers, including those in high wildfire risk areas that maintain IBHS Prepared Home or Prepared Home Plus certification.

As a new program, there is no in force book. The changes associated with this product reflect a 0% average premium change based on the General Insurance Company of America program.

As always, if you have any questions or concerns, please feel free to contact us.
