Re: NSI Travel Insurance No New Business Rule Filing

Dear Ms. Langott,

Enclosed please find a rule filing on behalf of Nationwide Mutual Insurance Company to reflect that the travel insurance product sold via its Nationwide Specialty Insurance (NSI) channel will be closed to new business in Maryland effective January 1, 2027.

This filing is intended solely to add a no new business rule to the currently approved Maryland rules/manual materials for this product. The filing does not propose any change to rates, rating methodology, benefits, forms, or underwriting standards for in-force business. Rather, it reflects only that new business will no longer be issued for this product in Maryland on and after January 1, 2027.

The enclosed materials consist of the currently approved rule/manual pages with the addition of the no new business rule only.

Thank you for your consideration of this matter.
