Explanatory Memorandum

We are introducing a new discount for customers who have completed an eligible home renovation in the last 10 years. The discount will range from 1-3% depending on the type of renovation completed and will roll off over a 5-year period. Customers who have completed more than one type of renovation can receive a higher discount. The discount may be subject to an age of home requirement. This is based on a competitor's filing submitted by Nationwide, (NWPP-131669484) and the supplemental documentation has been included in the filing materials.

Please contact me using the information below if there are any questions or if additional information is required.

Thank you for your time and consideration.

Sincerely,

Bryan Stewart
