**Re: Notice of Intent to Nonrenew Certain Ocean Marine Business Pursuant to Mississippi Code §83-5-30
New Hampshire Insurance Company (the "Company")
NAIC No. 23841¹**

Dear Commissioner Chaney:

This letter is to notify the Division of the Company's intent to nonrenew its ocean marine book of business (Annual Statement Line 8) and written through a program administrator, One80 Intermediaries, Inc., a licensed producer (the "Program Administrator"), effective for policies renewing on and after October 27 2025 (the "Yacht Program").

The Program Administrator, who owns the policy renewal rights, has exercised its right to terminate the Program Administrator Agreement in place between the parties and has requested that the Company take all steps to discontinue renewing policies under the Yacht Program. It is our understanding that the Program Administrator is offering replacement coverage for most new and renewal business through arrangements with other carriers.

As of June 5, 2025, the Company's Watercraft and Marina Insurance Program consisted of sixty-nine (69) in-force policies in Mississippi representing \$88,957.00 in total annual premium. Enclosed as **Exhibit A** is the Company's proposed notice of nonrenewal.

The Company's nonrenewal of this book of business in no way reflects on the Company's solvency or its ability pay claims. The Company will meet its contractual obligations under this book of business and provide services to policyholders and claimants, including with respect to any claims obligations.

Please let us know if you have any questions.

Very truly yours,

A handwritten signature in black ink, appearing to read "Steven Harris", is written over a horizontal line.

Steven Harris
Enclosure
