Filing Description:

This informational filing is to inform the department of a strategic initiative being undertaken by the American Family Insurance Group ("American Family") that will be affecting homeowners (HO3) and renters (HO4) products in the State of Tennessee.

As part of a continuing effort to modernize our technical infrastructure, we are seeking departmental approval to convert products written through Homesite Insurance Company of the Midwest ("Legacy") to Homesite Insurance Company ("Apex"). The goal is to move Legacy policyholders to a system that is more robust and can more easily be updated to provide product enhancements and improvements.
