Dear Examiner:

Enclosed for your review and approval is the above referenced filing submission. These forms are for a new program and will not replace any forms currently approved for use in the state of Florida.

This program provides reimbursement in the event of financial loss or hardship related to travel. This filing supports pre-packaged travel insurance plans that will be offered as part of travel protection products. All pre-packaged travel insurance plans are offered on a guaranteed issue basis as a separate election from the travel purchase transaction.

Prospective travel insurance customers may preview and buy coverage on-line, or by contacting the Company's travel retailer or licensed producer. Once a customer chooses to purchase travel insurance, the customer's personal information and trip details are provided, and the policy is fulfilled and provided to the customer via email or mail. The Company does not individually underwrite customers or reject any takers and therefore does not use individual applications to gather information during the purchase process that would be subject to a fraud warning. At the time of claim submission, the customer would be provided the applicable fraud warnings as required by the state.

This program will be available to individual travelers and to travelers that make travel arrangements through various channels which include (but are not limited to): employers; schools or colleges; tour operators; cruise lines; hotels/resorts; vacation property owners; airlines; and religious, charitable or recreational organizations, where all members of such group have a common exposure to travel risk.

Unless otherwise noted, we reserve the right to alter the layout of the enclosed forms including spelling/grammatical errors, color, font, format and contact information. Any alterations will be
