Rebuild To Green

REBUILD TO GREEN ENDORSEMENT

We agree to pay up to \$30,000 to rebuild to green standards for direct physical loss to covered property under:

1. Coverage **A** – Dwelling; and
2. Coverage **C** – Personal Property.

This is additional insurance. All other provisions of this policy apply, including payment of your deductible.

DEFINITIONS

For purposes of this endorsement, the following definitions are added:

1. Energy Star refers to a joint program of the U.S. Environmental Protection Agency and the U.S. Department of Energy. This program helps save money and protects the environment through energy efficient products and practices.
2. Federal Energy Management Program is a Department of Energy program whose mission is to facilitate the Federal Government's implementation of sound, cost-effective energy management and investment practices to enhance the nation's energy security and environmental stewardship.
3. Forest Stewardship Council is a non-profit organization that encourages responsible management of the world's forests.
4. Carpet and Rug Institute is a science-based source for facts about carpet and rugs.

BENEFITS:

1. We will pay the lesser of the additional cost:
 - a. To repair; or
 - b. To replace covered property;with property of like kind and quality that meets rebuild to green standards. However, we will not pay for other upgraded options or features.
2. The most we will pay for any one item of covered property or covered system is 400% of the cost of comparable property that does not meet rebuild to green standards.
3. Regardless of the number of "insured locations", losses, or claims made, \$30,000 is the most we will pay for all covered losses in any one policy period. This includes the added costs of inspection, testing, transportation, or other costs to meet rebuild to green standards.

REBUILD TO GREEN STANDARDS INCLUDE:

1. Energy Star listed:
 - a. Appliances such as: washers and dryers; dishwashers; refrigerators; and freezers;
 - b. Home sealing. This includes: insulation and air sealing; roof products; windows; doors; and skylights;
