~~Applicable to **H03703** and **H03705** policies only. We or a partner may at our discretion provide rewards comprising, or assistance obtaining, devices, equipment, services that are related to the Home Monitoring Program in which the customer is participating, and that serve to directly enhance the safety, value, usability, life or protection of the customer and their insurable assets. We may reward you by providing you, or another person insured under this policy with home monitoring equipment, or a service credit for home monitoring. The rewarded home monitoring equipment or home monitoring service credit is administered once we receive the promotion code from the customer and the reward will be given one time. The value does not fluctuate based on the insured's premium amount. All home policies sold by State Auto Insurance are eligible for the program if they have a valid promotion code from our home monitoring partner. Any time there is a change to the Home Monitoring Program we will file an updated rule with the Department.~~
